

JOE TORRE
SAFE AT HOME.

20TH ANNIVERSARY

Galala

Thursday, November 10, 2022
Gotham Hall, New York City

Exposure to violence, abuse, and trauma can have significant and damaging long-term effects on **anyone**—including increased risk of depression, anxiety, social isolation, school absenteeism, drug use, and suicide.

Safe at Home developed a multi-faceted school-based program called Margaret's Place. We are committed to providing a welcoming environment for youth aimed at decreasing the harm associated with complex trauma. Margaret's Place rooms are spaces within schools where students feel supported and receive the help they need. **Our mission is to end the cycle of domestic violence and save lives.**

The safe spaces that your generosity supports helps to empower young people to build resilience, learn coping skills, and feel accepted for who they are - all critical steps on their journey to healing. Most importantly, our youth develop the leadership skills to become advocates against violence and abuse.
